

Full Stack Javascript Developer

Job Spec

DATITUDE
data driven retailing

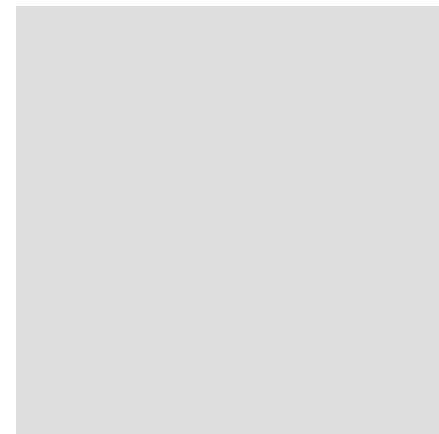

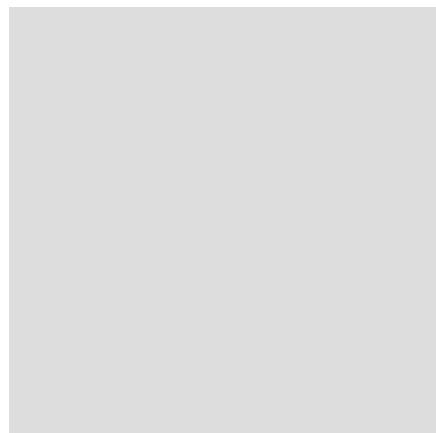

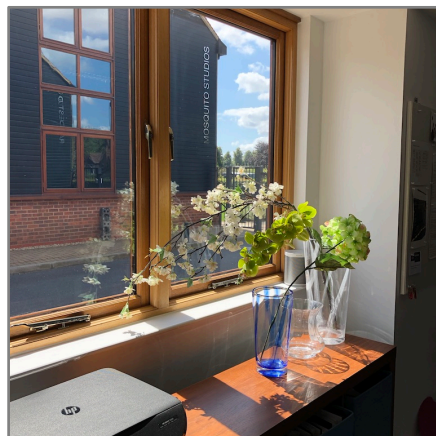

The Opportunity

Datitude is offering a permanent role for a Full-Stack Javascript Developer.

Suitable for a graduate with a degree in computer science or equivalent experience, with a background in retail and e-commerce software.

Why work for us?

- + Datitude is a pretty special place to work...
 - You'll be supervised throughout by an experienced technical lead
 - Your input will be valued from day 1 and you'll actively contribute to the technical direction of the team
 - Importantly, you'll work with and learn from everyone in the business, senior managers and clients alike
 - Our working environment is pretty cool too!

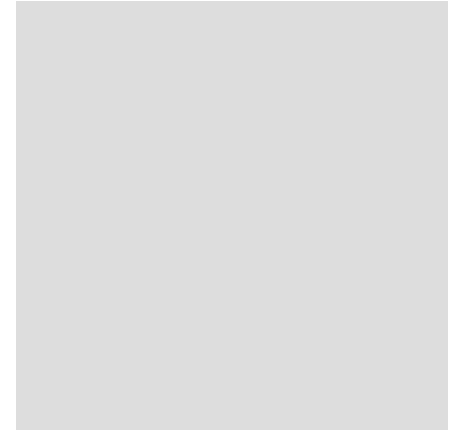

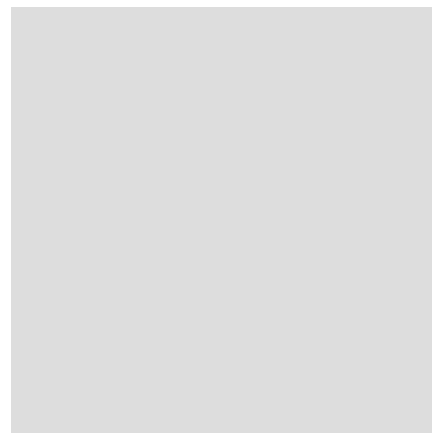

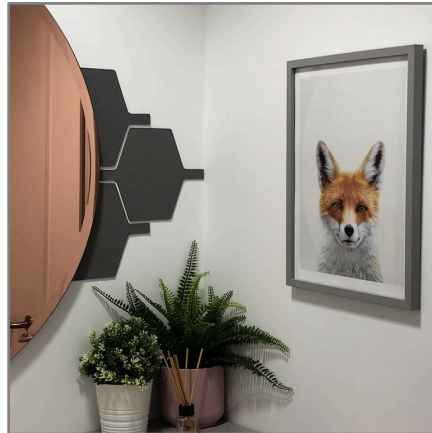

The Role

Datitude has built a web-based interface for retailers to hook into their e-commerce and store data. It's a dream stack for Javascript Developers to work with!

You will develop new features, upgrades and bug-fixes with simple, innovative solutions in an agile environment.

Day to day, you will:

- Work collaboratively to develop requirements and plans, suggest new features and improvements.
- Champion quality and innovation to support our business objectives

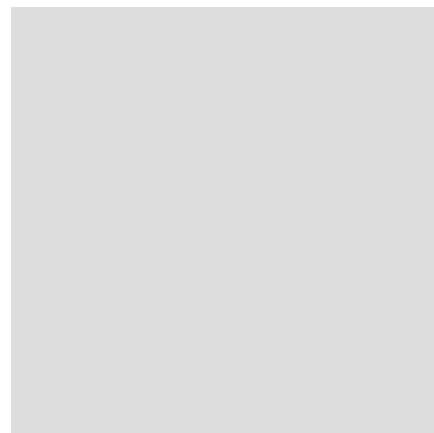

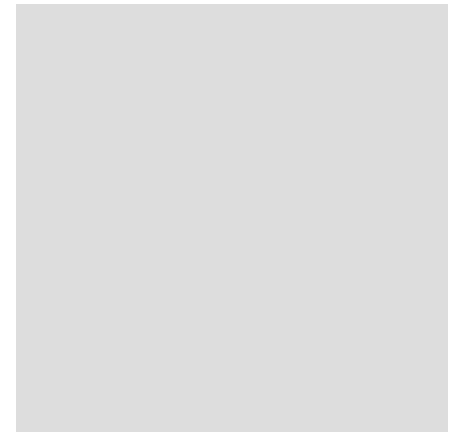

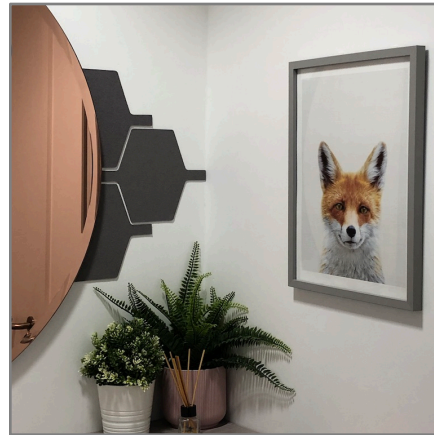

The Reward

The package includes:

- £25,000 to £30,000 p.a. depending on experience
- 25 days paid holiday plus bank holidays
- Company pension scheme
- Flexible working hours

But more than this, you'll work in a relaxed and friendly team, where your contribution is highly valued.

About You

+ You're smart, with oodles of enthusiasm for learning on the job and a love of technology. You'll have good communication skills and enjoy contributing to the team.

Coding experience in these technologies will be an advantage (but we don't expect you to know them all):

- Javascript (ES6), HTML, CSS
- React, Redux, Saga, Style Components
- Node, Express, Sequelize
- Testing with Jest, Enzyme, Mocha or Chai
- Package managers like NPM
- Version control systems such as Git
- MySQL, Postgres (Redshift) and DB design

Next Steps

If you'd like to apply send us a covering letter with your CV, or just find out more by emailing: hello@datitude.co.uk

We'd love to hear from you.
